Betty White in Black And White

MVD Entertainment, 180 minutes, \$14.95

Lost variety shows and classic sitcoms featuring White, who has become something of a sensation of late. No extras listed.

Dennis Hopper: The Early Works

MVD Entertainment, 191 minutes, \$14.95

Early screen appearances of the actor, including the restored "Night Tide" (1961). No extras listed.

Trek Stars Go West

MVD Entertainment, 8 episodes, 2 discs, \$19.95

Stars from Classic "Star Trek" got their starts in Western TV shows. This set brings those episodes together in one place. The cover shows William Shatner and DeForest Kelley as cowboys; but it's creepy to see Leonard Nimoy and James Doohan as Indians. Then again, Gene Roddenberry pitched "Star Trek" as "Wagon Train To The Stars." No extras listed.
