A new DVD featuring clips of Betty White from the 1950s will be released in December.

*Betty White - In Black and White* contains three hours of footage from her programs *Life with Elizabeth* and *Date with the Angels*, as well as her short-lived daytime vehicle *The Betty White Show*.

The DVD, out on December 7, also includes White's live commercials for the 7-Day Diet Plan.

The coverart features the tagline: "She Sings, She Dances, She Prances and Romances!"
