"Abstract Latin Journey EP" (Nite Grooves)

Taken from the forthcoming "Abstract Latin Journey" new album mixed by Julius Papp, this first ep includes some very hot and latin infected tracks. "Alberto's way mix" of Matthias Heilbronn's track "The greatest thing" is an infectious and awesome jazzy one, Myra'a "Talk to me" is a total relaxing downtempo version of the original, with an hot trumpet solo, Louie Vega provides a "beats" track of Groove Box's "Latin ritual", while Julius Papp ft. Gina Rene's track "A thousand years" is a soft and sophisticated song with warm pads and acoustic guitar. (by Franco Martinelli)
