

JULIUS PAPP - ABSTRACT LATIN LOUNGE

(by DJ MSFB) A cut included in the latest delivery of Abstract Latin Journey by Julius Papp, in addition to the awesome Matthias Heilbronn's 'The Greatest Thing' as retouched by Alberto Cabrera adding destructive keyboards which should gain the favours of the jazz headz. All of those made available (or soon to be) by our King Street/Nitegrooves friends who'll celebrate their 13th B-day with a big party awaited at Opium Garden's on March 25. And as if it wasn't enough, they also deliver the right vocal cuts both with Joi Cardwell's 'what It Feels Like' remixed by Quentin Harris droppin' a repetitive synth part over his characteristic rhythm patterns and Mink with the anthemic 'Glory Of Life' remixed by DFA coming out at the right time to celebrate the joy of meeting familiar faces after too long a winter.
