

**MIX THE VIBE LOUIE VEGA: "For The Love Of King Street" (King Street, USA)**

The Master at Work needs no introduction, so I'll dispense with pleasantries and get straight on with the music. 28 tracks in all and each one coming from either King Street or the darker sister Nite Grooves. As to be expected there are plenty of gems such as Kerri Chandler's Bar A Thym matched up with older joints from the likes of 95 North and Urban Soul. If you're a fan of the King Street sound then you will definitely be a fan of this. (CZ) 4/5
