Comments:

Once again Dennis Ferrer proves why he is one of the best producers around. A grammy worthy album. Our personal favorite's on the album include TOUCHED THE SKY, a 7+ minute journey, a lovely female vocal over, delightful percussion and an infectious groove. Another track that moves us, P 2 DA J, possibly a reference to the housing projects (aka the PJ's), the track is so deep, it will make your bowels move! Remember the original Sound Factory, remember when Junior Vasquez used to play house, remember when the club kids would be going bananas to a sick track? This is that sick track! Six minutes and 12 seconds of pure musical bliss. You will have this track in heavy rotation. Not just one to satisfy the deep heads, the album has something for everyone, gospel house fans will enjoy track 1, CHURCH LADY which is steaming up dancefloors from NYC to Los Angeles. House dancers will delight to SON OF RAW. If you like your house on the tech side of things, you'll enjoy TRANSITION. This album gets the official BounceFM seal of approval!
