"Fire Flower"

Nite Grooves

Chris Brann returns with this blissful cocktail of Deep Hose, Future Jazz & Neo-Soul. Heidi Levos haunting, soulful vocals shine on "Free Me" and the unforgettable "Stay As You Are". Terrance Downs sublime vocals grace the house gems "Space & Time," "Fireworks" and "Into the Sunrise" as well as the funky, retro track "Where the Music Takes You." This is one of those rare albums that is brilliant from start to finish and should not be missed. An instant classic for sure!
