[CD Review: *The Rising Sun* by Studio Apartment](#)

I have to admit that generally speaking I class remixes to be right up there with Vagon poetry (Douglas Adams HHGTTG, for you heathens that didn't get the reference), about 2 minutes of remix and I am about ready to disembowel myself with a plastic butter knife!

Studio Apartment are different, they remix in order to enhance the original, and are exceedingly good at it. *The Rising Sun* is an immensely listenable CD, one that has a life outside of some seedy dance club. This is a CD that you can pop on your player at home and enjoy.

The album contains remixed versions of Kerri Chandler, Eric Kupper, Blaze, Quentin Harris, Sole Channel, Nulife, the #1 smash, *I'm In Love* featuring Ron Carroll, remixed by Rasmus Faber, plus 2 previously unreleased tracks, *Evolution* and *Justifiable*.

Studio Apartment are one of Japan's biggest house music exports and are highly respected amongst the soulful house music community in the US and Europe.

This is a remix that is worth exploring, it is not what you would expect, it is light and airy, keeping the original musical intent intact while adding a subtle layer of rhythm that the dance club crowd like.

You can order your copy of Studio Apartment *The Rising Sun* from [MVD](#).

Hot Topics, In-Depth:

While BloggerNews.net is known to provide up to the minute information on a wide variety of topics, at times a more in-depth analysis of a topic that is being written about by our writers is warranted. This section of BNN provides just that – an area of the site that looks deeper into a topic, delves into the actual facts behind it, and provides more than just a summary overview of what is happening right here and now.

From something as mundane as an overview of how credit scores work, to life and death topics such as mesothelioma, we are committed to creating a growing library of information for our readers. Click below to review the topics covered so far, and check back soon as new ones are to be added regularly!

Featured Blogger, July/August:

BloggerNews.net would like to thank and congratulate our Blogger of the Month for the month of June 2008 – [Kevin Tipple](#) for his outstanding contributions to BloggerNews.net, including nothing but a fantastic number of great book reviews!

Kevin is a contributor to Blogger News from the great state of Texas, and writes on a variety of subjects - as long as they have to do with books, and nothing else... Which, apparently, sometimes even talk to him (Yes - the books). Turns out he is a very good book reviewer, however, so this doesn't seem to have worked out too badly for him.
