Posted on September 8th, 2014, 1:34 pm by swollenfox

Lou Rogai, a.k.a. [Lewis & Clarke](#), will release his new album, *Triumvirate*, on October 7 on La Société Expéditionnaire and has just shared one of its tracks, "The Ride" (via [The Key](#)). The track, as much of Lewis & Clarke's music, is a lengthy one (clocking in at 7 minutes) that features beautiful orchestration and a melancholic tone that will fit well with the autumn months soon to come. Listen below.

You can pre-order *Triumvirate* [here](#). You can see the Pennsylvania-based Lewis & Clarke live on September 25 at Boot & Saddle—tickets are available [here](#).
