Slaughter tales - Horror anthology made by 15yr old filmmaker!

This was a fun film to watch 50V horror is always fun and should always be thought of that way. Great flicks Like Scarlet Fry's Junkfood Horrorfest, and more all pay tribute the old glory days of guys like Herschell Gordon Lewis, so if you like Splatter fun check this one out, it is a cool anthology made by 15 yr old Director Johnny Dickie. Rank 7/10
