

ARTILLERY

'Fear of Tomorrow'

METAL MIND

Want a forgotten thrash classic? Look no further.

Back in the day, Artillery's 1985 debut featured on many top twenty lists and with this reissue plus extra demo tracks, those qualities can still be appreciated today. Non-converts might take issue with the rough and ready sound, but the influence of a cocktail of alcohol and 'Show Your Hate' cannot be underestimated on the soul and the world at large. **[8.5] GS**
