WINTER

Into Darkness / Eternal Frost (re-issue)

Track Listing: Oppression Freedom, Oppression (Reprise), Servants of the Warsmen, Goden, Power & Might, Destiny, Eternal Frost, Into Darkness, Servants of the Warsmen, Eternal Frost, Winter, Blackwhole

Rating: 5 Stars!

Winter was a weird assed band..they were together long enough to release one full length cd & record one demo....with this new re-issue, you get both of the bands recorded releases on one cd set! Winter was a band that played doomy sounding metal that's not really death metal, yet it has the growling vocals & super low-tuned riffage. I would really describe Winter as a slower version of Carcass...ideally, I can see why the band didn't last for the long haul..their music is creative, dark & angry, but it really is a total downer...every song is just freakin' brooding & a total downer...don't get me wrong though, I think they are great at what they did, what I think really describes their sound, in one word, is SLUDGE! This cd is a limited edition reissue that's numbered & limited to 2,000 copies, so don't miss your chance at getting this rare release from the doomiest sounding band of all time!
