MALTESE FALCON/Metal Rush (Metal Mind Productions). This originally come out

in 1984 on Roadrunner Records and this is now on CD for the 1st time. This is a straight forward metal band sort of like Grim Reaper, old Judas Priest, Saxon, etc. I thought this was OK it didn't blow me away. The tunes and riffs just didn't do much for me. The singer was decent, he has a pretty good voice. I wish this had a bit more power behind it. Info:
