SINISTER/Diabolical Summoning (Metal Mind Productions) This is a re-release of the bands 2nd album and this is another fast smashing death metal release. The band on this venture in a sort of Cannibal Corpse territory of sorts.

The band just rip through tune after tune with lots of speed and power. The production is right on and I love the guitar sound and the fast parts just tore through me. Out of the 2 albums I have heard I prefer the one above, though this is far from bad, I just think the 3rd release is a tad bit better.
