REVIEWS : ALBUMS : LAST CRACK, "BURNING TIME [REISSUE]"

I hated this band's debut. I thought it was all over the place and just a bizarre band for a label like Roadrunner to sign. With the release of their second album (in this case, the re-issue) the band is a little more focused and has a much better style musically, but I still hate them. It is like Tesla meets a band on Shrapnel records with a Blues guitar player as a rhythm player. This might have worked in the mid to late '80's, but talk about an album that doesn't stand the test of time one bit. The best thing I can say about them on this release is that the bands sounds like a second-rate Whitesnake. This is a slab of wax the world would have been better suited to let fade away.
