08. Position Of Security
09. Heaven Cent
10. Ghost Busters (bonus)
11. Nobody's Perfect (bonus)
12. Interrogate (bonus)

This particular CD was recorded in two weeks. This band definitely is influenced by Metallica. Some of the songs that stand out to me are "Back In The Real World" and "Bad Blood". Great guitar riffs and strong song structures dominate this entire album and the vocals are definitely a treat. Kind of reminiscent of Hetfield but not exactly the same. There's definitely a nice mix of thrash styles and the record keeps your attention all the way through.
