10. Reward (Order Of Chaos single)

11. Never Be (demo)

12. The Hand That Feeds Itself (demo)

13. Silence (demo)

This CD is a bit different from the other two I've listened to. It's more heavy metal than thrash and speed so it's not quite as fast paced. There's definitely a pretty catchy groove on this one and has some really strong songs on it. I really enjoyed listening to the entire disc and I think they were finally finding their own.
