- 09. Haunted Earth**
- 10. Victims**
- 11. Machine Dream (bonus)**
- 12. Radio Interview (bonus)**

**This is another Toxik release that Metal Minds has put out again and the guitar work on this release is simply amazing. The guitar riffs are damn heavy and progressive at the same time. The vocals are damn amazing as well. Definitley old school thrash with a progressive feel. A must have.**
