

RATOS DE PORAO/Feijoada Acidente International (Metal Mind Productions)  
I have never heard of this release till now. This is the band doing 21  
old and I mean old punk covers. Black Flag, Minor Threat, Circle Jerks,  
and GBH are just a few of the bands on here. These are bands that  
influenced this band and they do quite a job on these punk tunes. The  
tunes keep the spirit of the old hardcore movement alive and I really  
liked this a lot. So will you if you like hardcore. Info:
