RECORDING INFORMATION

Griffin (GCD-282-2)

Wise Buy Records

Reissued in 2007 by MVDaudio

This was recorded in Italy and though it included his English Rock Ensemble it did not include a guitar player. Wakeman went back in the studio - reworked much of the material and added a guitar part (using bass player David Paton) all of which lead to the choosing of the title "Almost Live" for this release.

COMMENTS & REVIEWS

Even though the title is *Almost Live In Europe* this has all the feeling of a live album. The original recordings of the show was sub-par, but since it was a great show, **Wakeman** really wanted to put it out. He went back in studio to work on it and even added some guitars... the result being one of his best "live" recording ever.

*Almost Live In Europe* is a must-have for **Yes/Wakeman** fans. The recording is great, the song choice is interesting and you get an even etter show than what the band actually played. Ah! the benefits of technology!
