An original soundtrack of an horror film, composed and performed by **Rick Wakeman** in the early eighties. All you can expect from Mr. Wakeman is to be found on this CD. Symphonic instrumental prog, great keyboard soloing, melodic piano passages.

Perhaps not his best work (Six wives.... Journey to...) but I would say that it is clearly in the better half of what he has produced in the past.

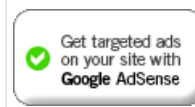

If you are a fan of Wakeman, this cd is a must have. You will get a lot of what has made him an icone of prog. Thanks a lot to the folks at MVD for reissuing this rare gem.
