Weren't they a funky band with Bootsy Collins?

They had that [song](#), "Groove is in the Heart"?

"Breaking Ground" was bad the first time, why reissue? Re-release "A Fading Tale" or "Eternity" instead.

I have all their original albums, and "Breaking Ground," a.k.a. "Mostly [songs](#) from ANew, but touched-up, and a couple new [songs](#)," is really REALLY mediocre. What happened?!

Agreed, though the songs that were from ANew seemed to actually get worse on Breaking Ground, as opposed to getting "touched up", IMO.

I think the idea of the big label release messed with their heads and they just came out with what they figured people might want to hear, rather than anything with any life or feeling. But of course that's speculation. :\
