ACID DRINKERS/Are You A Rebel (Metal Mind Productions) This is a re-release of the band's 1st release many moons ago. I remember this band back in the day when I was doing my print zine, but had never heard their music. The music is on this is some wicked old school 80's thrash style with a little humor thrown in on the lyrics kinda like older Anthrax at times. The production is awesome and I love the guitar sound and bass sound and this had my neck moving in no

time. The singer reminds me a bit of Mike from Faith No More, which isn't a bad thing. There is 8 bonus tracks including a funny old Kiss cover that you will have to hear. If you missed the band the 1st time around as I did here is a chance to catch up with an old friend you didn't know existed. Info:
