WOLF SPIDER/Kingdom Of Paranoia (Metal Mind Productions) This is a re-release

of the bands 3rd and final release. Just wicked thrash metal with tons of fast riffs and double bass drumming. The guitar sound will have that neck moving as this just had my neck moving in seconds. The singer has a solid thrash metal voice as he belts out the lyrics. I love the fast double bass parts and I got plenty of them on this. Production is right on the money and the guitar sound was mint. This is just plain ole old school thrash metal that put a smile on my face. Info:
