

The Impaler Speaks

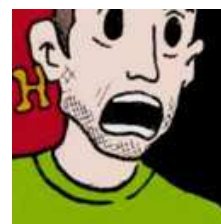

Hard Core Logo/Hard Core Logo 2

Hard Core Logo/Hard Core Logo 2

director: Bruce McDonald ([VSC/MVD Visual](#))

In 1996, director Bruce McDonald gave the world 'Hard Core Logo', a documentary-style parody film that follows the fictitious band Hard Core Logo through the highs and lows of an ill-conceived reunion tour across their native Canada. In 2010, McDonald unleashed a sequel that – spoiler alert! – cannot be discussed in any capacity without giving away certain secrets that cause the original film to pack so much punch. In this review, I will not give away any more 'spoiler' type information than that. VSC and MVD Visual have just released the two films together on Blu-Ray, packed into a spectacular metal tin and filled with a nice array of bonus features (commentaries, videos, featurettes, and more), as well as a stand-alone DVD version of 'Hard Core Logo 2'. The original film – based on a book of the same name by Michael Turner – is every bit as essential as 'This Is Spinal Tap', though it is hardly a comedy and needs to be seen by all fans of rock 'n' roll for vastly different reasons. The film stars Hugh Dillon as vocalist/guitarist Joe Dick, Callum Keith Rennie as guitarist Billy Tallent, John Pyper-Ferguson as bassist John Oxenberger, Bernie Coulson as drummer Pipefitter, and Julian Richings as the Iggy Pop-ish elder punk Bucky Haight, and features special appearances by the likes of real-life punk legends such as D.O.A. and Joey Ramone. Again, I'm not here to give anything about this film away. Just watch it. Seriously. The sequel stars the real-life Canadian band Die Mannequin (vocalist/guitarist Care Failure, bassist Anthony Bleed, drummer Dazzler Scott, and guitarist Stacy Stray), alongside Julian Richings (reprising his role as Bucky Haight), Sera-Lys McArthur, Shannon

The Impaler Speaks... supporting local music worldwide, from Austin TX to the United Kingdom and everywhere else. The Impaler has been a member of the Mass Movement creative team since it was a cut-n-paste fanzine many years ago. This is a way to add some depth to the coverage I am able to provide in MM, and so much more.... Support indie music. Support indie film. Support indie life.

Jardine, and – of course, as in the original – Bruce McDonald himself. While I can't bring myself to call 'Hard Core Logo 2' essential viewing on its own, it is an entertaining and well-done film that deserves to be seen – and it makes a damn-near-essential counterpart to the original 'Hard Core Logo' that fans would be remiss to let pass by unnoticed. Plus, the two-film collection is such a great value – and comes in such cool packaging – that it makes the most sense to get that and just watch 'em both in a mini-marathon. **The Impaler** @impalerspeaks
