

GEORGE A. ROMERO

BETWEEN NIGHT AND DAWN

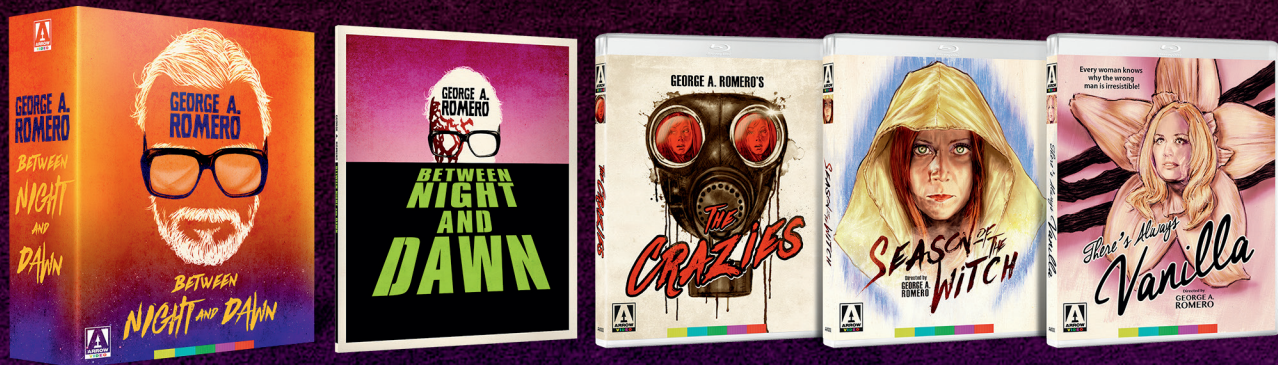

Three films from the late, legendary horror director, George A. Romero, showing that although he might have defined zombie cinema, it didn't define him. *There's Always Vanilla*, *Season of the Witch* and *The Crazies*, made between *Night of the Living Dead* and *Dawn of the Dead*, showcase the extraordinary versatility and dynamism of this irreplaceable American auteur.

THERE'S ALWAYS VANILLA (1971)
SEASON OF THE WITCH (1972)
THE CRAZIES (1973)
