

**THE FAX – September 20, 2007**

**CBCD**

The legendary New York punk club CBGB will live on thanks to a new deal that will bring some of the venues performances to CD. The MVD Entertainment Group just inked a deal with the club to bring full concert recordings that took place from the '80s through recent years to CD. The initial offerings will come from **The Mooney Suzuki, The Queers, and H2O** later this year.
