**Clown Alley** is a January 26th DVD release from MVD that incorporates filmmaker, musician, and VJ/DJ Mike Relm's unique vision of the marriage of audio and video. This DVD features a story line involving evil clowns, a very important briefcase, dirty self defense tricks as well as Relm's intense video mash ups and remixes, breathing new life into the VJ field with a super psychedelic age – all in 3D (glasses included)! The two disc set includes both the R rated and PG rated versions of the film. Relm is a visionary who has played with Mike Patton's Peeping Tom project, the Blue Man Group as well as his own mindblowing solo shows. Clown Alley brings all the threads together for one trippy ride.

Clown Alley is an action packed adventure which takes place in a world not unlike ours (it actually looks a lot like San Francisco)," states Relm. "I happen to be mankind's last hope as I protect the briefcase which holds the key to survival...and you'll see it all in glorious anamorphic 3D. Not only that, but my live show is documented here using a multitude of live feeds in arenas, festivals, and the occasional theater. There are also lessons in self-defense and my interview with Larry King!"
