## Banshee!!!

DVD | APPROX. 86 MINS | 2008 | USA | UNRATED | SYNTHETIC CINEMA INTERNATIONAL / MVD VISUAL

REVIEWED BY: [DESTINY WEST](#)

### THE PLOT

*What's it all about?*

SHARE

Another predictable plot to endure, a group of college students go off on spring break on a camping trip to an isolated farm house. There they find themselves being stalked and killed by an unrelenting creature - a Banshee. With no means of escape and no form of communication they decide to go after the Banshee and kill it before it can kill them! Okay I am all for the victims fighting back but the group of friends going to an isolated cabin/house has been so over done it is beyond a joke. Has it become an integral part of horror films to use this plot or do they have a dark cave some-where with a sign on the door reading 'scripts involving groups of friends and isolated locations' aka 'let's throw some money away on this crap.'

### THE VIDEO

*How good does it look?*

The video is presented in a 1.78:1 anamorphic widescreen that has been HD digital mastered.

### Cast & Crew

#### Directed by

Colin Theys

#### Written by

John Doolan  
Gregory C. Parker  
Christian Pindar

#### Cast

Ashley Bates  
David McCarthy  
Kevin Shea  
Kerry McGann  
Iris McQuillan-Grace  
Troy Walcott  
A. Mike Forgette  
Leo Petry

## THE AUDIO

*How crisp is the sound?*

The audio is presented in English 5.1 Dolby Digital surround sound with the option of choosing either English or Spanish subtitles.

## THE EXTRAS

*Are there any extras?*

The DVD contains the Theatrical Trailers, Commentary, Deleted scenes and ironically the Bloopers and Outtakes; no it doesn't mean you are subjected to watching the whole film again.

## FINAL THOUGHTS

*Is it worth your hard earned cash?*

Banshee is a tired plot and really awful acting make this predictable boring horror flick only suitable watching for first year film students on how NOT to make a horror movie.

Cliche after cliché destroy any possible hope of enjoyable viewing, I would have to

Greg Nutter  
Ken LaMothe

say it is one of the worst films I have ever watched.

Do not waste your time or your money on bothering with Banshee. It is films like this that give 'independent' film makers a bad name. I am sure not even a stellar cast or a mountain of cash could have saved this movie. Plus what is with that monster? I've seen scarier things floating in my toilet bowl, of course when other people have forgotten to flush!
