### About Jamdown film screening Barbican - Jamaican film shown for the 1st time in 30 years.

JAMDOWN takes us on a journey back to Kingston, Jamaica 1980, straight into the heart of the reggae scene, featuring superstar Reggae artist Toots Hibbert and some of the only known early footage of The Congos, performing tracks from their legendary Heart Of The Congos LP and Images of Africa album.

Unavailable for over 30 years, this is a rare chance to see candid footage of Toots Hibbert and follow the The Congo's from sunny Jamaica to 1980's Shepherd's Bush.

'Jamdown is a melodic time machine that transports us magically to a time of massive creativity as reggae was emerging to the outside world' - Roger Steffens

France 1981 Dir. Emmanuel Bonn 69 min.
