Taking us on a journey back to Kingston, Jamaica, *Jamdown* heads straight into the heart of the 1980's reggae scene, featuring superstar Reggae artist Toots Hibbert and some of the only known early footage of The Congos, performing tracks from their legendary *Heart Of The Congos* LP.

Unavailable for over 30 years, this is a rare chance to see candid footage of Toots and follow the The Congo's from sunny Jamaica to 1980's Shepherd's Bush.

'*Jamdown* is a melodic time machine that transports us magically to a time of massive creativity as reggae was emerging to the outside world' - Roger Steffens

France 1981 Dir. Emmanuel Bonn 69 min.
