How's this for a movie blurb:

Dolla Morte a film so disgusting, so disturbing, it had to be made with dolls.

'Okay. I'm in. But I'm not sure about the dolls.'

No?

'Who made it?'

Bill Zebub.

'Who?'

Bill Zebub. He made *Metalheads*, *Assmonster*, *Forgive Me For Raping You*, *Jesus Christ - Serial Rapist*, *Frankenstein the Rapist*...

'Oh.'

Yeah. Oh.

'Okay. So, what's the story?'

Well, the story as DM pal, David Flint explains over at his superb [Strange Things Are Happening](#) site, concerns...

Jesus being the first Vampire and George W. Bush looking to find the Holy Grail and drink his blood to become immortal (under orders from Hitler) - yeah, that has potential to be pretty wild, especially when you throw in Vlad The Impaler / Dracula, Osama bin Laden, Saddam Hussein and the Pope.

'Wow. So what happens?'

A lot of "shocking things".

'Like?'

Well...

....there's Christ having sex with himself, the Pope anally raped, female dolls mutilated and tortured, alongside plenty of racism and

desperately offensive dialogue. But Zebub blows any sense of taboo-busting with a very long and apologetic introduction in which he explains that none of this should be taken seriously and that no offence is meant, not even to the President (Bush at the time). C'mon Bill, have the courage of your convictions!

'Jeez...no wonder they used dolls.'

Yep.

'And he got paid for this?'

Yep.

'I'm in the wrong job.'

Maybe.

'Is it any good?'

Not really. Here's David Flint's review:

Unfortunately, any potential is lost in a mix of really, really shoddy production values and the sort of clumsy shock-value humour you might expect to come out of a fourteen year old metalhead trying to upset his parents. The only good thing here is the cover art (and possibly some of the soundtrack).

'Okay. Maybe I'll give it a miss, but I wouldn't mind seeing the trailer just to be sure.'

Your wish is my command...

With thanks to [David Flint](#)

outer reaches of pop culture. Our editorial policy, such that it is, reflects the interests, whimsies and peculiarities of the individual writers. And sometimes it doesn't. Very often the idea is just "Here's what so and so said, take a look and see what you think." I'll repeat that: *We're not necessarily endorsing everything you'll find here, we're merely saying "Here it is."* We think human beings are very strange and often totally hilarious. We enjoy weird and inexplicable things very much. We believe things have to change and change swiftly. It's got to be about the common good or it's no good at all. We like to get suggestions of fun/serious things from our good-looking, high IQ readers. We are your favorite distraction.
