SRS Cinema To Release “[Horno](#)” on DVD – Oct 19

Is it horror? Is it porn? No, it’s HORNO!

SRS Cinema and MVD Visual will release Horno for North American DVD distribution on October 19.

is a porn director with a little more vision than talent, not that he has much of either. He aspires greatness, but never quite achieves it – that is until he comes up with the idea he’s sure will launch to infamy: “Children of the Cornhole”, a horror/[porno](#) hybrid!

, it’s a “horno” film, one whose plot is brilliant in its pornographic simplicity: a [zombie](#) outbreak being spread by legions of the undead bent on sodomizing anybody they can. Once Ron convinces producer that it’s a profitable idea, he’s on his way to Hollywood, or at least he thinks so. He gathers together his rag-tag troupe of cast and crew in a hotel room and starts filming. But things soon go horribly wrong when life begins to imitate “art” in the worst possible way.
