## Ministry And Co-Conspirators - "Undercover" CD

Once upon a time, Ministry was a force to be reckoned with. They helped pave the way for bands like Nine Inch Nails and KMFDM's later successes. Now? "Undercover" is a pretty pale shadow of that. Led solely by Al Jourgensen, this album is packed with insipid and soulless covers. Metal and rock staples like "Iron Man", "Purple Haze", "Thunderstruck", and even Amy Winehouse's "Rehab" are slaughtered. Ugh. Sad. (13th Planet/Cleopatra)
