Been jonesing for a new splatter-filled puppet flick ever since *Meet the Feebles*? Filmmaker Dustin Mills may have the fix you've been waiting for. *The Puppet Monster Massacre* will begin spilling felt all over DVD shelves this July.

*"A group of teens are challenged to spend a night in the Wagner mansion on the edge of town. Little do they know the owner (Dr. Wolfgang Wagner) has concocted a monstrosity in the basement and plans to make the hapless teens the creature's first big meal. This is The Puppet Monster Massacre, a wild and raucous love letter to the monster films of the glorious 1980's! Heads will roll and felt will fly in this visually rich splatter-fest. Thrill as an army of over 400 soldiers is helpless against a monstrous menace. Chill as a man collapses from the aroma of a thousand bunny farts. Shriek as puppets make sweet monkey love in a spooky graveyard. This is the low budget film you have been waiting for!"*

Music Video Distributors will unfurl *The Puppet Monster Massacre* onto DVD July 26th. Get a taste of the hand-operated horror to come in the preview video below.
