## Meat Puppets - "Out My Way" CD

Originally a 1986 EP, this reissue adds 7 mostly unreleased tracks, making for a more substantial 52-minute album. Coming from the diverse, but punk-affiliated SST label, no doubt these boys confused many a listener. Having much more in common with country and folk than punk, per se, "Out My Way" is full of chiming indie pop tunes. Covers of "Good Golly Miss Molly", "I Just Want To Make Love To You", and "Burn The Honky Tonk Down" show that the brothers Kirkwood and friends were drawing inspiration from such disparate sources as early rock and roll, blues, and country -- all filtered through the Puppets' sun-baked Arizona psychedelic mindset. "Out My Way" may have been little more than a stop-gap release in its day, but it holds up remarkably well now. ([MVD Audio](#))
