It's a workmanlike show with Hooker coasting just enough to earn whatever paycheck was coming his way. Thirty-eight years later, this release is really just a musical footnote, perhaps a souvenir for Hooker fans who saw a gig or two back in the day. Perhaps the most entertaining moment comes after Hooker leaves the stage. Over and over, the emcee marvels that a man in his 50s is still doing rock and roll. That was 1974—did we really think folks that old were really that old? What would Mick Jagger say?
