

ROSE TATTOO (LIVE IN 1993 FROM BOGGO ROAD JAIL) DVD Well recorded at an actually jail that closed down the real bad boys of tatted rock n roll kicked out some outlaw jams. Well the band from Down Under who always reminded me of AC/DC meeting UFO only with more of a punk feel and this band will even make GUNS AND ROSES look like an emo band. But this live show from 93' just feature the blusy rock n roll to just bad ass rock n roll of ROSE TATTOO kicking out such hits as... bad boy for love, tramp, assault and battery, rock n roll is king, nice boys, and the band biggest state side hit rock n roll outlaw, and more great songs that still as powerful today.
