### Carl Jackson: Through The Eyes Of A Caddy (2012/MVD DVD)/The Essential Games Of The Milwaukee Brewers (A&E DVD Box Set)

And now for some sports releases...

As another one of our occasional encounters with the subject of Golf, **Carl Jackson: Through The Eyes Of A Caddy** (2012) is a pretty good entry with the man who has been a top rate caddy for 51 years at the Augusta Masters and Ben Crenshaw's for 36, as the cover accurately tells us. After watching the 57-minutes-long program, it is obvious the man is very knowledgeable on the subject, loves golf and understands it in a second-nature way many players wish they did.

In the cases where we have seen advice given on the subject, this is as competent as we could hope for and as thorough as you could get for a program this length. In direct comparison, this is as logical and authentic as any previous instructional on the subject we have seen as well and is recommended if you like golf or are just curious on how the game really works. Nice that Jackson made this one.

The anamorphically enhanced 1.78 X 1 image is a new video shoot, but is a little soft, has more motion blur than expected and can be choppy in parts when it comes to editing. The frame rate can be choppy too. The lossy Dolby Digital 2.0 sound is simple stereo and may have some location audio issues, but is at least clean, despite being a low-volume recording. Be careful of volume switching on this one and you should be fine.

There are no extras, but golf fans will likely really want this volume.

Then we have **The Essential Games Of The Milwaukee Brewers** which is yet another MLB baseball DVD box set from A&E featuring four key games of a given team. This one includes 2 from 1982 (the ALCS Game 5 Pennant Clincher and World Series Game 4 Victory), 2008 NL Wild Card Clincher and 2011 NLDS Game 5 Walk-Off Win. Except in general compilations, this is the first time we have seen a title on this team and looks like they have fans as serious as any other team. Volumes like this allow us to get to know these teams at their best making it possibly the best ongoing DVD sports series on home video.

The early games are in a 1.33 X 1 frame, while the newer games are
