Event Details

Once again **HONKY** serves up another heapin' helpin' of 'Texas Super Boogie' with their new album *421*. Mixin' butt wigglin' grooves, good time lyrics, and lots and lots of guitar... The tried and true recipe of the **HONKY** sound.

421 was recorded at Willie Nelson's famed Pedernales Studio in the heart of the Texas Hill Country. Produced by JD Pinkus (**HONKY**, Butthole Surfers) and Bobby Ed Landgraf (**HONKY**, GMC), given to the more than competent hands of mixer, Paul Leary (Butthole Surfers, Sublime, U2, Meat Puppets), then mastered by Big Bass Brian Gardner (Micheal Jackson, Eminem, Sublime, Alice Cooper), to polish it for y'all's listenin' pleasure.

Put a helmet on before opener *WFO* lives up to its name and starts kickin some dirt and rocks up your direction with double vocals and in your face guitar. *JUST A MAN* is a hard drivin' lesson about the unfortunate realities of relationships that hits ya happily in the gut. Bobby Ed steps up, bringin' the epic *ALL FOR NOTHIN'* to life with heartfelt lyrics and beautiful guitar work. *WOKE UP DEAD* shows another side of **HONKY** with finger picked [blues guitar](#) and JD Pinkus' raspy vocals, over a nice greasy groove (approved by asses everywhere). *OVER EASY* is a sleazy lil' love song about rough sex and breakfast, strung together as only **HONKY** can.

Served well with a box of wine and spread over ramen, there is no filler on this much awaited album by this hard drivin trio.
