

## DAVE TUCKER

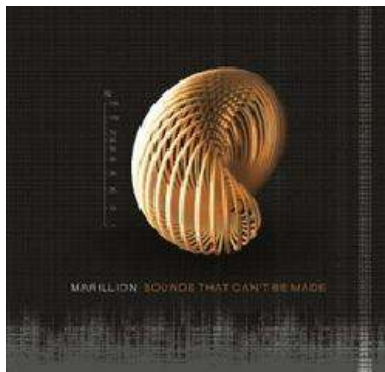

"in kind"

Track Listing:

Mountain of a Man, Cocoa Butter Baby, Simple Kind of Love, Sliding Backwards, So Far Away, Arctica, P.S. I Kill You, Sing To Me, Turnin', Whisper, Merely Man, ? (Question Mark)

Country mixed with a touch o' pop.....Dave Tucker's new release sounds good, it's got a solid production, good writing & it's overall a good listen from start to finish although the record lacks aggression & I simply state that because this site is generally more geared towards harder music.

"Sliding Backwards" is my personal favorite & it has an old school country sound to it.

## MARILLION

"Sounds That Can't Be Made"

Track Listing:

Gaza, Sounds That Can't Be Made, Pour My Love, Power, Montreal, Invisible [Ink](#), Lucky Man, The Sky Above The Rain

This cd pushes the limit with the maximum amount of music you can put onto a cd with literally an hour & 1/2 of constant sounds from Marillion on this disc!

"Gaza" is an epic opus that goes on forever & covers so many genre's of music that it's hard to even explain the song..it's soft, melancholy, heavy as hell, dark, deep, brooding & sad...it's a weird track yet gives everyone something to listen to!

The music on this cd is a mix of off tempos, amazing musicianship, strong writing & artistically provocative material that will give the prog rock fans an instant woody!

## HONKY 421

"s/t"

Track Listing:

WFO, Just a Man, Riddle Cap, Erson, Walton County, 4:21, All For Nothin', Woke Up Dead,

Handful of Nails, Over Easy, Black Joe's Bitch

Loud, fast, heavy & rockin'! That's how I'd describe the new record from Honky 421 because it's chock full o' attitude, chunky guitar riffs, intense real drums & vocals that ooze rock n roll decadence!

This Texas based band serves up a dirty **slab** o' rock n roll & from the first track "WFO" till the last song "Black Joe's Bitch" you never get a breather because the band pummels out a solid 34 minutes o' blues based, heavy/hard rock that's a much needed breath of fresh air in the current rock scene.

"Woke Up Dead" is an interestingly blues based mid tempo track that shows some diversity in the bands style just a bit but the entire disc is pretty much a non stop rock n roll experience to check out this band if you like your rock loud, dirty & in yo' f'n face!
