## Your American Teen (CTG Films)

YOUR AMERICAN TEEN focuses in on the northwestern United States. What about the NW U.S.? Sexual exploitation. Of teens. That’s what. The minds of some may go to statutory rape. For others, porn. But there are subtler forms. And forms with extensive networks globally. It might sound like I’m talking about “Taken” but this is no Liam Neeson movie. This is a movie about the real thing, teen sexual exploitation in all its forms. Now that most of the obvious ones are out, what else is there? There’s another one, also with great networks. But it’s not the sex slave trade. It’s the sex sells trade. The kinds of images thrown up as the visual definition of desirable and sexy nudge girls toward “sexier” dress and the unleashing of feminine powers they don’t even fully understand. YOUR AMERICAN TEEN probes these kinds of issues, and while its geographic focus is the northwest U.S., I think the sheer human element at work here is universal. Note: There is an appearance by Daryl Hannah.
