

THE VIBRATORS – Greatest Punk Hits: This is a decent compilation of tracks from UK legends 'The Vibrators'. What's good about this release it covers the whole of the Vibrators musical history so you just don't get lumbered with the usual predictable numbers. If you're a fan of the Vibrators and punk rock you'll love tracks such as 'London Girls', 'Automatic Lover', 'Judy Says', 'Every Day I Die A Little' and 'Your Love Is Fading Away'. An enjoyable release which brought back some cool memories. **8/10**
