Sasquatch: The Legend of Bigfoot (1977) A group of explorers search for the mythical Bigfoot creature. This film is like a documentary film, but does not feature on-camera interviews with supposed eye-witnesses. \*\*

The Snowbeast (1954) The film is actually entitled "The Snow Creature"! In this film an American expedition in the Himalayas stumbles across a Yeti den, they capture one and take it back to California. There things go bad. \*\*
