**HONEY**

**Kaye**

Kaye plays solid guitar licks herself and has a voice that combines the toughness of Joan Jett with the natural sweetness of tone found in Shania Twain and Sheena Easton. She saunters in on the anthem of a song called "Honey." Kaye is a rocker whose style is complicated in a good way. Lyrically, she also excels on this five-track debut EP. Check out "Porcelain" and let out a rebel yell as Kaye slams the sounds up against the wall. Sassy and sweet is a winning combination from Kaye.
