

"CBGB OMFUG MASTERS LIVE June 20, 2002," The Toasters (MVDaudio, *)**

The Toasters played CBGBs 14 years before this date, according to their MC, and they seem very happy to be back. Their set is very loose and wobbly, but songs like "Run Rudy Run," "2Tone Army" and the general party atmosphere of the show make this CD a fun listen. Check 'em out at www.toasters.org and grab their CD online (one of the sites above) or at hip local stores.
