## Plastic Crimewave Sound & Djin Aquarian, La Otracina, Mondo Drag

At the Knitting Factory, NYC... Nov 12 2008...

Headed up to this one with Mike from Prophase. We were both a bit burnt from this same bill minus La Otracina, playing the night before in Philly. Took the train this time around and was also safe in the knowledge that was heading into work late the next day.

Unfortunately we got there a bit late and missed openers [Khoutek](#) who had put on a nice set of slow boil psych the night before. Tuning into their CDs on the way up revealed some nice Spacemen 3 and/or Floyd tendencies.

We ran in for [Mondo Drag](#) and only caught the end of their set, definitely disappointing (that we missed most of their set, I mean), as they were shit hot in Philly; a great blend of Sabbath type heaviness and some really fluid, ultra spacey guitar work. Nice and tight but just enough room for some really out there guitar action. It ain't all mega heavy though, in Philly they played a jam that was so close to the Ghost/Kurihara/Quicksilver thing that I was stressing trying to figure out if it was a cover or not. Anyway it was a great 15 minutes or so we got to see of them. Very impressive and their CD is great, too. And the Quicksilvery jam is on their CD and [myspace](#) "Death Rattles." We celebrated them by feasting on an awesome cookie and hoisting Red Stripes. Here are some pics of Mondo Drag from Marvelous in Philly.
