YaHoWha 13 March Tour Announced on Blurt Online

Diligent BLURTers who were intrigued by our <u>recent review</u> of the psychedelic legends YaHoWha 13's *Sonic Portation* album are now going to get a chance to grok the fullness up close and personal as the band mounts a handful of east coast concerts near the end of this month.

Shows in Philly, Baltimore, D.C., NYC and New Haven have been announced at the <u>official YaHoWha 13 website</u> and they come highly BLURT-approved, so you know a good time is going to be had by all. Support for all gigs will be the equally cranium-uncorking Kohoutek, from D.C., with notable others depending on the city. (Kohoutek, incidentally, are longtime fans of Y13 and took their name from the title of the group's first album.)
