Distributed by MVDaudio (MVDA4819)  
Following the death of Father Yod in a hang gliding accident in 1975, **Yahowa 13** disbanded and dispersed. IN 2007, after the publication of a book about them, Yahowa 13 original members reunited for some shows and did some studio recordings.  
*Sonic Portation* delivers the bands first first studio recordings in more than 30 years.

**COMMENTS & REVIEWS**

**Marc** Published on: 28 Nov 2008  
The Source Family was a religious group of young people centered around the father figure of Father Yod, a WWII flying ace and spiritual searcher. This group of young people also performed improvisational music backing Father Yod under the name **Yahowa 13**. When Father Yod died in a hand gliding accident in 1975, the group dispersed.  
Sooo.... now, some thirty years later, **Yahowa 13** are making music again, putting out an album called *Sonic Portation* . A very psychedelic album of improv music of the highest quality, heavy on guitar, drums and weird sounds. These guys are talented and they put out a great album. If Oliver Stone decided to make an other movie featuring the psychedelic period of the late sixties, *Sonic Portation* would be the perfect soundtrack.
