Ween at the Cat's Cradle, [1992](#) [MVD]

Our rating: 4 out of a possible 5

Before Dean and Gene Ween became darlings of the jam-band crowd, they toured as a twosome backed only by a dat machine. This recording of an early show at a tiny Chapel Hill, North Carolina, venue captures the jokester "brothers" in all their ragged glory, as they share nutso lyrics, epic guitar licks, and witty repartee with the crowd.
